

[Siren Everlasting Classic ManLove: Erotic Alternative Futuristic Sci-Fi Romance, M/M, public exhibition, sex toys, HEA] Adlor comes from a race of beings who are bound by their silence. Extremely secretive, Grey Men don't allow outsiders any information about them, including their names. He has served as a household servant with his siblings since he left his homeland years ago and was completely happy with that service until his master acquired a human through the lottery who had no concept of personal boundaries. Falling in love with an alien was never in his life plan but Eric isn't one who fights his fate. He never really thought violating cultural boundaries would be life changing until he gets knocked up by his new alien lover and finds out that navigating Adlor's culture might be way more complicated than he originally thought. Adlor isn't like any man he's ever known but his many secrets may get them both into a lot more trouble than his unexpected pregnancy before he learns how to be bound by discretion. \*\* A Siren Erotic Romance
