

Core Kettlebell Moves The countdown begins here, and it shall start with moves that focus on shredding your core. Before starting your workout routine, however, make sure you do a three or five minute warm-up. These are simple movements that can slowly bring your heart rate up and warm-up your muscles, like walk-ing, stretching, and jumping jacks. If you jump straight ahead in work-ing out, you are exposing yourself to injuries such as muscle cramps, and itâ€™ll be unhealthy for your heart to swing straight up. So make sure to dedicate time for warm-ups.
