

Philosophy pervades every sphere of life from the defense of the gospel to the formulation of Christian doctrine to the daily decisions we make. In this work, distinguished professor David Naugle gives us a firm understanding of the basic issues, thinkers, and sub-disciplines in the field of philosophy as well as an invitation to engage with the contemporary challenges therein. He discusses the importance of prolegomena (assumptions and methods) and the vocation of Christian philosophers. Naugle also outlines the differences between the Hebrew and Greek mindsets and provides biblical perspectives through an Augustinian approach. Above all, Naugle teaches us how to philosophize in light of God and the gospel.
