

Save money. Retire early. The lazy way. So youve heard of lazy investing? But youre not quite sure what its all about? You want to invest your money wisely, while avoiding crazy high fees and shady brokers? You know you need to save for retirement, but you dont know how? If this sounds like you, then The Lazy Investorsâ€™™ Guide is exactly what you need! Investing doesnt have to be as difficult as itâ€™™s usually made out to be. Theres got to be an easier way to do it right, with minimal effort, and end up ahead in the race. Investing has got to be less about paying fees to others (Brokers and Advisors), and more about paying YOURSELF. There is. Its called Lazy Investing. So dive in and discover: - Well reveal some popular Myths about the stock market, and expose them as being just that - myths that prevent YOU from making money in stocks - Well introduce you to what Lazy Investing is all about and why it makes so much sense - Youll get to see, up close, some great examples of Lazy Investing building blocks and what they can do of your portfolio - Well walk you through the decision making process of whether Lazy Investing is really right for you - And last, but certainly not least, youll get an inside look at the Ultimate Lazy Investors Portfolio - several versions of them actually! Not only that, but weve put together a Lazy Investors Toolbox for you at the end of the book. Youll find some excellent checklists and questionnaires that you can use to define, refine and improve your personal Lazy investment style and Lazy Portfolio.
