

If you are searching for government models which are democratic, simple, responsive, and supportive of individual responsibility; you have discovered a source. This book focuses on rational approaches to life security, taxation, jobs, environment, justice, electoral districts, education, and constitution. Its core is Canada but the ideas are transferable to any country embracing democracy and individual responsibility. The emphasis is on approaches and supporting philosophy with limited attention to details. The author supports a website in pursuit of enhanced solutions for governance around the world.
